

Digital Solution Process

Manual Long Process

- Paramedical vendor does paramedical on tablet, verifies proposed insured and gets electronic signature (which then can be affixed to get APS if they use ONE TOUCH)
- Data is transmitted to carrier, PDF is created and transmitted to carrier

DAY 1

- Paramedical vendor takes notes on paper

- Carrier prints out the PDF if they are unable to ingest the data

DAY 2

- Mail box - Paramedical vendor mails to carrier

- PDF printed with typed complete data on Paramedical form delivered to underwriter.

DAY 3

DAY 4

DAY 5

DAY 6

- Scribbled paramedical matched and routed to underwriter

DAY 7

DAY 8

- Scribbled paramed arrives in mailroom

CUT 5 days off process
